U.S. VACCINE ABBREVIATIONS

Abbreviations for Vaccines Included in the Immunization Schedules for Children, Adolescents, and Adults

Following is a table of standardized vaccine abbreviations, which was developed jointly by staff of the Centers for Disease Control and Prevention, ACIP Work Groups, the editor of the *Morbidity and Mortality Weekly Report (MMWR)*, the editor of *Epidemiology and Prevention of Vaccine-Preventable Diseases* (the “Pink Book”), ACIP members, and liaison organizations to the ACIP.

These abbreviations are intended to provide a uniform approach to vaccine references used in ACIP Recommendations and Policy Notes that are published in the *MMWR*, the *Pink Book*, and the American Academy of Pediatrics *Red Book*; and in the U.S. immunization schedules for children, adolescents, and adults.
